Touchscreen	10-point capacitive touch
CPU	Intel 13th Gen i7-13620H
GPU	Nvidia 3060 12GB graphics card
Memory	32GB
Storage	2TB SSD
Wireless Transmission	Equipped with WiFi 7 and Bluetooth 5.4
UPS Battery Life	Build-in 1KWh battery, providing all-day power
Shell Material	Aircraft-grade aluminum with anodized finish

6. Maintenance Guide

I. Cleaning & Disinfection

- Daily Cleaning

Wipe body with soft, dry cloth.

For stains, use $\leq 75\%$ alcohol sparingly (avoid seepage).

- Disinfection

NO spray – Apply alcohol via cloth/wipes only.

II. Usage Tips

- Software Security

Use built-in Windows Security.

If needed, install HuoRong Security (official site only).

- Battery Care

Fully recharge every 15 days.

Charge immediately at $\leq 20\%$ level.

- Firmware Updates

Upgrade battery firmware when battery icon prompts → Must use AC power to prevent data loss.

- Shutdown

Power off after use → Prevent deep discharge.

- Safety

Never leave charging unattended.

III.Storage

- Environmen

Store in cool, dry place when not in use.

- Long-Term Storage

Maintain charge $\geq 50\%$.

Recharge every 30 days (avoid deep discharge).
